PARVEJ ALAM ANSARI

has successfully completed the online, non-credit Specialization

Modern Project Management

The holder of this certificate has demonstrated mastery in project management concepts, tools, principles, skills, mindsets, and terminology. They possess the knowledge to initiate a project, carry it out effectively, and navigate risks throughout its lifecycle. Learners are prepared to manage stakeholders and communicate with them adeptly while also applying leadership skills. By completing this Specialization, this person has gained practical experience by completing numerous hands-on labs and projects. They have also built a portfolio of projects demonstrating their proficiency for an entry-level role in project management. Also, this learner is well versed in the guidance provided by the Project Management Institute (PMI) as tested for in the CAPM certification exam

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
